Critical PROVIDER

GTL's Critical Provider offers you the option of a 10 or 20 year level, renewable and convertible term life insurance policy with a critical illness accelerated benefit rider. As a policyholder, this means your coverage will pay a death benefit upon your death, or a living benefit upon diagnosis of a covered condition while your policy remains in force.

Whichever portion of the plan you use, whether the term life or critical illness accelerated benefit rider, you and your family can have confidence in the protection your policy provides at a critical time.

Today due to early detection, prevention, and advancements in medical treatments, the odds of surviving a life-altering disease or event are better than ever. But for many people, surviving such an illness can bring serious financial and emotional hardship. Whatever the cause may be, many times the financial consequences of living with a devastating loss or illness can place a heavy burden on your everyday routine.

No one likes to think about how these events would affect their immediate future, but the likelihood of these major lifestyle changes is real. **GTL's Critical Provider plan can help.**

If your plan ends due to non-payment of premiums prior to the end of the term period, the cash-surrender value then available may be taken as cash or used to purchase a reduced amount of insurance that is paid up to age 95.

Whether saving for future college tuition expenses, your dream home, or retirement, the Return of Premium Rider may be a perfect addition to your coverage.

ISSUE AGES: 20 – 50 years
(Not available with the 10-year plan).

Term plans and riders are subject to state availability.

ACCIDENTAL DEATH BENEFIT: If the Accidental Death Benefit Rider is purchased, it will provide an additional death benefit in the event of accidental death. The accidental death benefit amount will equal the face amount of the policy. **ISSUE AGES:** 20-60 years

WAIVER OF PREMIUM: If the Waiver of Premium Rider is purchased, the plan will waive all of your premiums if you are continually, totally disabled for at least 90 days, until the policy monthly anniversary falls on or directly follows your 60th birthday or through the end of the base policy while the rider is in force. **ISSUE AGES:** 20-59 years

CRITICAL ILLNESS ACCELERATED BENEFIT (INCLUDED): This rider is included as part of your term life insurance policy. See page 5 for more details.

Did You Know?

**Years ago, a critical illness diagnosis could easily prove fatal.
Today, the odds of surviving such a diagnosis are better than ever.**

- Nearly one quarter of strokes occur in people under the age of 65.¹
- Each year over a million people in the U.S. have a heart attack.²
- It is estimated that 1 in 6 men will be diagnosed with prostate cancer in their lifetime.³
- Nearly 90% of women diagnosed with breast cancer will survive their disease for at least five years.⁴

Covering Your Living Benefit Expenses

The cash benefit from your policy will be paid directly to you and can be used to cover both direct and indirect costs.

DIRECT COSTS	INDIRECT COSTS
Major medical co-payments and deductibles	Household bills and car payments
Out-of-network charges on PPO plans	Travel expenses for care/treatment
Alternative treatment options	Lost income and extra time off of work
Experimental treatments and surgeries	Recuperative vacation

Example of How You Could Use Your Living Benefit

Gary and Dawn had just taken out a mortgage to begin building their dream home, their daughter started high school, and their twin boys entered the fifth grade when Dawn's doctor diagnosed her with breast cancer. Dawn's prognosis was good, but she faced a lengthy treatment and recovery process that would keep her out of work for an extended period of time.

Fortunately, with the GTL Critical Provider plan they had purchased, Gary and Dawn received a \$100,000 cash payment equal to 100% of the face amount of her term life policy. With this cash benefit, they were able to cover her medical expenses while also continuing to make their mortgage payments during her recovery.
