

Disability Income

Choice Portfolio SM

Your most valuable asset is your ability to earn a living. How would you continue to support yourself or your family if you were disabled for any length of time because of an illness or injury?

The risk is real. A 35-year-old worker is six times more likely to become disabled than die before he or she reaches age 65.¹ And nearly 50 percent of mortgage foreclosures are caused by disability (only 2 percent are caused by death).²

While many workers have group disability coverage through an employer, it often covers only 50 to 60 percent of their pay. Would half your salary be enough to take care of your bills? What about other resources?

- Social Security disability benefits have strict guidelines and a lengthy waiting period.
- Your savings could be depleted quickly.
- Without an income, it may be impossible to borrow money.
- Your spouse may find it difficult to continue working, care for you and manage the household.

If you're injured or become sick and can't work, let disability income insurance from Mutual of Omaha Insurance Company (Mutual of Omaha) work for you!

Work with your agent to determine which Mutual of Omaha disability income product will best meet your needs. Before you decide, ask yourself these questions:

How much coverage will I need? (Your monthly benefit)

Consider factors like your mortgage and other debts, your current income and any available resources such as savings. Do you want accident only coverage, or accident and sickness?

How long would I be able to manage my expenses until benefits kick in? (Elimination period)

Take a realistic look at your monthly bills, what resources might help you meet those obligations and for how long.

How long will I want coverage? (Benefit period)

Disability benefits can be paid to you for a period of just a few months or up to 10 years or longer; our disability product portfolio offers you the choice.

Short-Term Accident Only

At this time in my life – just beginning my career – I didn't give much thought to disability insurance. Until one of my co-workers had an accident that left him unable to work for a year. He was smart enough to plan ahead – he had disability insurance and was able to make it through those months in good financial shape, thanks to the benefit checks he received from Mutual of Omaha.

That was a real eye-opener for me – it motivated me to buy my own disability accident coverage.

Short-Term Accident/Sickness

We just bought our first house, and I'm a stay-at-home mom. If anything happened to my husband and he couldn't work for a while, we'd have serious financial problems. We could even lose our home.

That's why we've decided to buy disability insurance that will cover him if he does get sick or injured and can't work. We believe the responsibility of owning a home includes protecting it.

It just makes good sense to us.

Long-Term Accident/Sickness

I've worked hard to get where I am. I have a successful and satisfying career that lets me enjoy time with my family as well. As the primary breadwinner, my income is critical to our lifestyle. If a disabling illness or injury kept me from working, what would we do?

I want to make sure my assets are protected and my family will be provided for if I'm too sick or hurt to work.

Business Operating Expense

We started with just two employees when I opened my consulting firm six years ago. Now we have 10. I realize those people depend on me for their livelihood. What would happen to the business – and to my employees and their families – if I were temporarily disabled?

Because everything I've worked for is tied up in my business, I want to protect it, for myself, my family and my employees. With Business Operating Expense insurance, I know we're protected.

Mutual of Omaha's Disability Income *Choice Portfolio* helps provide peace of mind with these additional features:

- **Waiver of Premium Benefit.** We'll waive your premium for the coverage and all optional riders after you're disabled for 90 days. We'll also refund any premiums you paid during this 90-day period.
- **Presumptive Disability Benefit.** We'll presume you to be totally and permanently disabled if a sickness or injury results in your complete, irrecoverable loss of speech, hearing, sight or use of both hands, both feet or one hand and one foot. We'll pay you total disability benefits for the full length of the benefit period, even if you return to work in another occupation. We'll also waive the elimination period.
- **Survivor Benefit.** If you die while you're disabled, we'll pay your beneficiary a lump-sum amount equal to three times your monthly disability benefit.
- **Recurrent Disability Benefit.** If a related disability occurs within six months of returning to full-time work, we'll consider it a recurrent disability. You won't need to satisfy a new elimination period and the same benefit period will continue.
- **Terminal Illness Benefit.** You can elect to accelerate up to 12 months of disability benefits if you're diagnosed with a terminal illness.
- **Transplant Donor.** We'll pay you benefits on the same basis as any other sickness if you become disabled as a result of a transplant donation.

- **Future Insurability Option.** You can increase your base monthly benefit as your income increases regardless of changes in your health status.

A man with dark hair and a beard is smiling broadly, carrying a young girl with long dark hair on his shoulders. The girl is also smiling and looking upwards. They are outdoors with a blurred green background. The man is wearing a dark grey t-shirt, and the girl is wearing an orange short-sleeved shirt and blue jeans. The man's left hand is visible, wearing a silver ring on his ring finger.
